

2011 – 2012 New York District Kiwanis ***Governor's Project***

Governor Bill Risbrook has chosen as his project for this year, Childhood Asthma awareness. Because the effects of this affliction can lead to life-long struggles, Governor Bill is asking our Kiwanis Clubs to learn about Asthma in Children and how Asthma's effects can be managed so that the Child can enjoy a normal Childhood.

How does your club qualify for this Banner Patch? Just complete and report on ANY ONE of the following and if you have a different project that might qualify, just Contact the District Chairs for the Governor's Project:

- o Carla Vultaggio (P) 516-572-6391 (H) 631-588-8589 cvult@aol.com
- o LTG Dr. Steve Perrick (P) 516-333-7272 (H) 516-489-6306 stelewis54@aol.com
- Invite speakers to your club from sources such as Pediatric Doctors, your local Children's Hospital and other children advocacy groups such as the American Lung Association (www.lungusa.org).
- Set up an information booth and/or table at events such as fairs, carnivals and distribute easily available brochures on Asthma triggers, prevention of serious illness periods.
- Partner with a local Pediatrician/Pediatric Clinic and provide Asthma Screening for children at a Kiwanis or Community event such as fairs, carnivals, pancake breakfasts, etc.
- Another good resource is the Asthma Coalition (www.asthmacoalitionoflongisland.org).
- Donate bubbles to a local Pediatric Asthma Clinic. This will help ease Pediatric patients during visits while promoting proper breathing/air exchange. Put your club's name on the bottles of bubbles before donating them.
- Provide Allergy relief Bedding (such as pillow covers) to a local homeless shelter.

For more details and monthly updates, check out our website (www.kiwanis-ny.org) throughout the year.

Fill out and mail this form to the District Office

New York District Kiwanis, 120 Mushroom Blvd., Suite 102, Rochester, New York 14621 Fax: 585-486-1796
