

K Family Bonds While Creating Service Project

At K-Family Weekend, attendees participated in the "Pillow Hugs Project." Chair RoseMarie Gridley remarks, "you don't have to be an artist, all you need is a big heart and a little imagination and want to let a child or senior know that Joe's Heroes care about them and want to send them a HUG and that is when they become a "Pillow Hug." Above" After decorating their pillowcases with fabric markers, stencils and a little imagination, over 75 works of art were donated to children in hospitals.

Hugs Chair RoseMarie Gridley, Governor Joe and First Lady Nydia make sure everyone has supplies for the project.
