

Think 39

Rick Levine

Hello to all. The ground hog situation was a little mixed up. It seems winter might end in July. He He He.

We are having a good thaw now, time for a little recruiting. As usual, the good ole' New York District is off to a slow start. The Hollis Club leads the pack with 4 new under 39ers. Tied for 2nd are Warsaw, Kingston, and Middletown with 2 each.

Owego makes a showing with 1. As we push into spring and exchange the shovels for gardening tools, it's time to put on your recruiting hats.

Invite the local business owner's down to your club to break bread. A walking recruitment is a great way to get new members and meets neighbors. Spring is a nice time of the year to do it also. Let's give Gov. Glenn a boost now with a huge Think 39 effort.

On the patch/ plaque (03-04) front, DPLG Bruce Brooks should have everything ready for shipping soon. If addresses for shipping has changed, please notify myself or Bruce. Thank you and be well and don't forget to "Think 39."

New Membership Direction... T.A.G. Team

Kiwanis International has developed a new approach to membership for the future in North America – the T.A.G. Team (Together Achieve Growth). Each North American District was asked to select 8-10 qualified Kiwanians to be trained in recruitment, retention, revitalization, and new club building at a regional site selected by Kiwanis International. The New York District has selected DPLG Michael Malark, current LG Ray Pfeifer, LG-Elect Ann Sewart, DPG Joe Eppolito, IPLG Lucien Plante, DPLG David Booker, DPLG and current LG Ray Sculky, IPLG and current LG Eric Shivnarain, PLG Janice Seyfried and IPDG Peter Mancuso. They have all received their training and have committed to the next three and one half years to be the T.A.G. Team for the New York District.

These T.A.G. Team members will be working on a three-year growth for Gov-Elect David Rothman and the next two Governors to succeed him. They also will be enlisting the help of other Kiwanians who desire to be part of the solution for membership growth in the NYD as they build a regional membership team. By building a regional membership team, the members will be located in the approximate geographical areas that they will be serving to minimize travel time and maximize hands-on
