

# NEW BOOKS for the First Lady's Project

*"Catch a Child's Dream, Read to Your Child"*

We want to encourage family reading and by doing so, develop language skills necessary for success in school and life, by providing books and information to parents of young children, ages pre-natal to five.

Please join us as we assemble special packets to be given to area clinics and day care centers. In order to do this, we need new books to include in the kits. They need not be expensive, and they should be focused on children ages pre-natal to age 5.
